To whom it may concern,

Carolina is a very inspiring Designer. Her capabilities to understand each project's scope and simultaneously present wonderful and practical inputs adds an extra value to any project's final results. Working with Carolina makes you feel that there are no impossibilities and that any problem can be solved quite smoothly.

The empathy she creates with all of her team workers is magical, which we strongly believe is related with the good values and principles she acquired through her education and lifetime experiences.

Besides creative and funny, Carolina is also a very organised Designer who takes deadlines very seriously. Her working method is always up-to-date with the most recent tools, technology and software. She is a very fast-learning professional with excellent communication skills.

We were all very pleased to have her as a co-worker and as a friend.

Sincerely,

Diogo Silva
